Council with the National Heavy Vehicle Regulator (NHVR) will provide a combined **FREE** Chain of Responsibility practical workshop and public consultation for interested persons involved in Primary Production or the Transport Industry.

The workshop will include the amended Chain of Responsibility laws and regulations providing practical tips and advice to ensure your business is compliant with the Heavy Vehicle National Law. The workshop will assist you to understand your obligations and risks in the CoR chain, and help implement plans and checklists to reduce the risk to your business. Find out what you need to do and get.

A **Public Consultation** will follow the practical workshop with speakers from the NHVR discussing heavy vehicle access routes, the NHVR portal, assessments and the role of Council, NHVR and Department of Planning Transport & Infrastructure (DPTI).

This program is the initiative of Council and made possible by support from the National Heavy Vehicle Regulator Heavy Vehicle Safety Initiative Program.

The location, date and time will be determined by numbers of interested persons and availability of the NHVR. Please register your interest with Catherine at the Council Office on 8666 2014 or email [catherineb@mtr.sa.gov.au](mailto:catherineb@mtr.sa.gov.au) no later than 16 May 2019.
